

**Dear Nastia Luiken,
December 7, 2009**

Hi, my name is Amber Cina. I am 10 years old and I'm in 5th grade. The school I go to is A.F. Dalmer Elementary School. I used to go to Susquehanna Community but, I moved here to Windsor last year. So far my class is learning division in math, we just finished Pocahontas in social studies, in ELA we are doing running records with Mr.E. Ooops I forgot to tell you that my teacher's name is Mr.Batdorf. In science we just did an experiment. A couple of facts about me are that I was born on April 12, 1999 and I do gymnastics just like you! When I'm not training, I like to draw and listen to music. My favorite color is purple and my favorite number is 2. My favorite song is You Belong with Me.

The reason I chose to write to you is because you are my role model. You make it so I never give up and I always keep trying. I like you because you help kids try their best and listen to their coaches so they will get far in gymnastics.

I have a few questions for you, 1. What convinced you to do gymnastics? 2. What is your favorite event? 3. Where do you live? 4. What is your favorite color and number? 5. Are you friends with anyone you compete against such as Shawn Johnson? 6. On a scale 1-10 how much do you like gymnastics? I would give it a 9.5! 7. What do you like to do when you're not training? Well, I think that is enough questions! As you can probably notice I really want to meet you. It would be really fun to be able to do that. I hope you can find the time to read my letter. Hope you write back soon!!!!!!!!!!!!!!

Your biggest fan,

Amber Cina

P.S. PLEASE SEND A PICTURE BACK WITH YOUR SIGNATURE IF You Can!

Dear Mr. Batdorf,

I am going to tell you a famous person that I would like to meet and that person is Walter Camp. Walter Camp is one of the inventors of the sport football. Walter Camp was a former player and coach in 1879. If I got to meet him I would ask him if football had changed a lot since 1879. If I had got to meet him in real life I would play football with him, and I would ask him about a lot of things I could learn more football. I would also show him a modern day football game to show him how popular it is and also show him how it has changed over the years.

If Walter Camp was still alive I would show all of my family how cool he is. If I were able to go back in time to his family I would tell them how great he is and travel around all over the world to see all of the football games in the world until present time.

In conclusion, the last thing I would do with him is show him all the new football players and show him all the teams and about modern life. And that proves that the number one person I would like to meet and have all the fun in the world with him that person is definitely Walter Camp!!
